RESPECT FOR NATURE AND FOR THE ENVIRONMENT

Mister Pet use solar energy from photovoltaic panels to cover almost all our electricity needs. The air and water we use are filtered so they can be returned to nature in their original condition.

ONLY NATURAL INGREDIENTS

Mister Pet ventures and checks that all the vegetables used are OGM-FREE and that meat comes from ground-raised or free-range animals.

FRIENDS OF THE ANIMALS

Mister Pet does not conduct tests on animals. Our foods are tested by farmers in appropriate conditions, without causing discomfort to dogs and cats.

Mister Pet always "nature" oriented, produces dog and cat food always aware of respecting the environment.
